

# Balloon Recipe

## Dancing Skeleton Bouquet

Using Anagram's Curves and Crescents is a perfect way to get people dancing at your Halloween celebration.

**Estimated Cost:** \$10

**Labor:** 10-12 Minutes

**Suggested Retail Price:** \$19.99-\$29.99

### Instructions:

1. Inflate the two 15-inch Lime Green Curve balloons, two 10-inch Purple Crescent balloons and one 4-inch Star balloon with air and heat seal.
2. Join the tails of the two 15-inch Curves together, securing with a cable tie. Join one point from each Crescent together, also securing with a cable tie.
3. Join the pairs of Crescents and Curves with a third cable tie to form the mask as shown, securing the free points of the Crescents to the Curves with small squares of hook-and-loop tape.
4. Inflate all of the remaining balloons with helium and attach to ribbons.
5. Arrange as shown in picture and attach to the weight.
6. Attach the mask to the weight by taking a short piece of ribbon and tying through the loop on top of the weight and around the center of the mask (where the cable ties are).
7. Then, to conceal all the cable ties and knots, cut any excess ribbon and attach the 4-inch Star balloon to the center of the mask using a small square of Hook-and-Loop tape.

*\*Balloon decoration is intended for indoor use and should not be released outdoors*

### Materials:
