### Instructions:

1. Air inflate five Red and five Purple Violet 6-inch latex Hearts to 5 inches and tie them into five pairs. Wrap the pairs together at the knots, then set aside. To make a Curly 160Q, fully inflate the 160Q with air and let out the air to stretch the balloon. Wrap the 160Q around a cylindrical object, stretching it a little as you go and making sure not to wrinkle or twist the balloon. Air inflate the 160Q while holding it around the cylinder, and tie. Wrap the knot end of the Curly 160Q into the center of the Hearts. Make two more Curly 160Qs and wrap them into the Hearts. Set the completed base aside.
2. Helium inflate the 36-inch Microfoil Heart and tie a length of BalloonRibbon to the neck. Tie the ribbon to a weight using a temporary knot, and set aside.
3. Fully air inflate two 6-inch Red and two 6-inch Purple Violet Hearts, and tie them into pairs. Twist the two pairs together to make a four-balloon cluster. Wrap the cluster high onto the neck of the Microfoil, wrapping the ribbon around it snugly to secure. Repeat to make three more clusters of 6-inch Hearts and continue wrapping them onto the ribbon, making sure the colors create a spiral pattern.
4. Make three more Curly 160Qs and wrap the knot ends into the Heart clusters from Step 3.
5. Remove the Microfoil's ribbon from the weight and slide a Gold Color Curl up the ribbon below the last Heart cluster. Bring the end of the ribbon back through the hole at the top of the Color Curl, pulling it tightly below the cluster to secure. Tie the ribbon to the weight again, and wrap the weight through the center of the base from Step 1.
